The collage consists of six photographs arranged in a 3x2 grid, showcasing the components of a custom-built automatic water filling machine. The top-left image shows a digital control panel with multiple displays and buttons. The top-right image shows the interior of a large stainless steel tank. The middle-left image is a close-up of a white electric motor. The middle-right image shows a white electrical control box with a blue terminal block. The bottom-left image is a close-up of a gear assembly. The bottom-right image shows the open electrical control box, revealing internal wiring and components.
