Description

The vacuum tumbler henneken type B is the bestseller of all the vacuum tumblers due to its excellent price and performance ratio.

The Vacuum tumbler type B i equipped with a direct drive and provides a rational speed of 0.5 to 10 RPM. All tumbler parameters can be adjusted by the user friendly SIEMENS touch and are also programmable

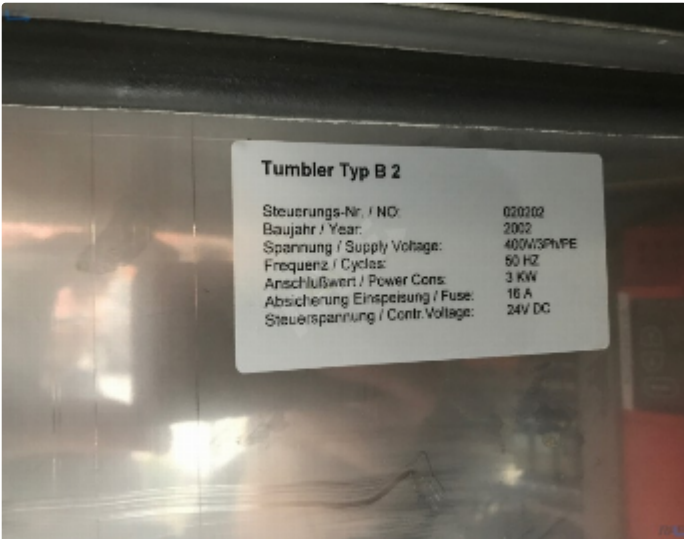

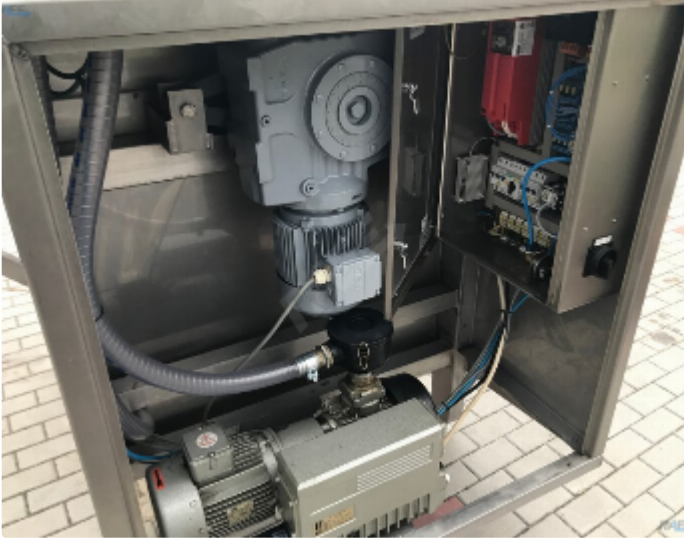

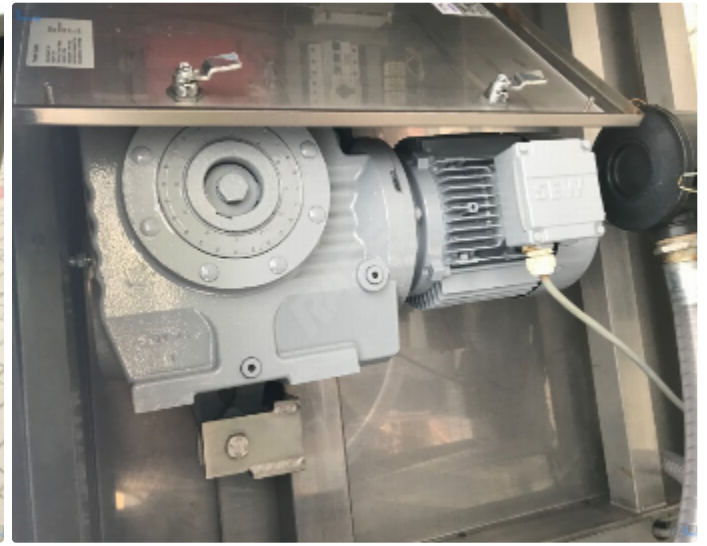

The extraordinarily sturdy and user friendly construction supports a gentle as well as an intensive massage to constantly ensure the highest product quality. The vacuum tumbler type B is ideally suited for curing boiled ham products, for dry salting smoked ham, for the production of kebabs and for tumbling fish and poultry products.
