Portions:	5 - 100 000 g

Description

The **Handtmann VF50** stuffer is a universal machine for both large and small entrepreneurs. It is perfect for the production of cold meats, feeds and preserves. Intuitive operation and reliability guarantee the performance of even long-term work. The stuffer can work in automated feeding, portioning or manual modes, depending on production needs. Very easy to maintain and clean. Often used in production lines in conjunction with other machines
